SUMMARY

Full Stack Developer skilled in **MongoDB, Express.js, React.js, and Node.js**, with expertise in building scalable web applications and **RESTful APIs**. Proficient in **Git, Agile development, version control**, and writing clean, maintainable code to enhance performance and user experience.

SKILLS

- **Frontend:** HTML5, CSS3, JavaScript, React.js
- **Backend:** Node.js, Express.js, REST APIs
- **Database:** MongoDB, Mongoose
- **Tools & Version Control:** Git, GitHub, Netlify

PROJECT

Shopper – An E-Commerce Platform

- [Shopper – An E-Commerce Platform](#), A responsive e-commerce interface using **React, HTML5, and CSS3**, enhancing user experience across devices.
- Implemented dynamic **cart functionality** with real-time updates and built customer/admin portals for seamless product and user management.
- Utilized **Git for version control** and deployed the application on **Netlify** for live production access.

Match Me

- Collaborated on [Match Me](#), a matchmaking platform with **real-time chat, AI-driven profile filtering**, and **secure user authentication**.
- Built responsive, user-friendly interfaces using **React, HTML5, and CSS3**, ensuring seamless cross-device experiences.
- Integrated **server-side APIs** for chatrooms and profile management, and maintained code quality through **testing, debugging**, and **Git-based version control**.

Restaurant Reservation

- Developed a full-stack [Restaurant Reservation](#) using **MongoDB, Express, React, and Node.js (MERN)** with user and admin roles.
- Utilized **Git for version control** and deployed the application on **Netlify** for live production access.
- Integrated email notification functionality and responsive UI design, enhancing user experience and ensuring reservation confirmations across all device types.

CERTIFICATIONS

Full Stack Web Developer

Masai School • 2025

- Certified in a standardized and evolving full stack web development curriculum by **Masai School**.
- Developed end-to-end web applications, applying version control, debugging techniques, and deployment workflows.
