

Pratiksha Shivaji Shinde

Full Stack Web Developer

PROFESSIONAL SUMMARY

Dynamic Full Stack Web Developer skilled in the MERN stack for creating scalable applications. Adept at using Generative AI to enhance project outcomes and quickly mastering new technologies. Excels in collaborative environments, leveraging strong problem-solving and communication skills to drive project excellence.

PROJECTS

1. Match Me | 🌐 | 🗄️

React | Redux | Git | HTML5 | CSS3

- Collaborated with a team of four to design and implement user-friendly interfaces using React and Redux.
- Developed responsive design ensuring optimal performance across devices and browsers for the MatchMe platform.
- Integrated frontend components with server-side APIs to enable real-time chat and AI-based match suggestions.
- Conducted thorough testing and debugging to ensure the stability and reliability of the matchmaking platform.
- Utilized Git for version control and collaborative workflows to streamline development and improve code quality.
